Call states are shown by the line key indicators:
- **I-Use**: steady green
- **I-Hold**: winking green
- **On Hold**: winking red
- **Ringing**: flashing green

**User Setup Options**

You can customize your telephone with these user options:
- **CLOCK**: Time and Date
- **PREF**: Call Preference
- **KEYS**: Speed Dial/DSS
- **VOICE**: Handset/Headset Volume
- **DIR**: Call Directory
- **DISPLAY**: Display Contrast
- **RING**: Ringing Options
- **PASSWD**: Call Log Password

Press the **Setup** key to enter Setup Mode.

Select USER from the main menu, then select the option you want to change.

Press the **Setup** key when finished.

**Call Directory**

Press the **Call** key.

Select **DIR**.

Directory entries are displayed on nine screen pages, with four entries per page. The current directory page number (1-9) will be shown at the upper right of the display.

To see a different directory page, select a page by pressing a dial pad key (1-9), or press the **More** key to cycle through the nine pages until the desired page is displayed.

Press the key under the number you want to dial.

**Transferring a Call**

- **Tran**: Press the **Tran** key to place the current call on hold and access a new idle line.
- Press a speed dial or DSS key to dial the party to whom you wish to transfer the call.
- Or dial the party with the dial pad.
- You may wait until the called party answers to announce the call, or transfer it immediately after hearing ringback tone.
- **Tran**: Press the **Tran** key again to complete the transfer.

**Conferencing Calls**

- **Conf**: Press the **Conf** key to place the current call on hold and access a new idle line.
- Dial the party you wish to add to the conference.
- Or press the key of a held call that you wish to add to the conference.
- After the added party answers, press the **Conf** key to conference all parties together.

To remove the last party added, press the **Drop** key.

To end a conference, removing you and all other parties, disconnect the call (hang up).

**Call Log**

Press the **Call** key, then select **LOG** to enter the call log.

Select **UNANS**, if it is shown in the display.

Select **UNANS** (unanswered calls), **ANSWD** (answered calls), or **OUT** (outgoing) calls.

The most recent call in the log will be displayed.

Select **BACK** to view previous (older) calls.

Press the **More** key to view the last-displayed (newer) call.

Select **DELETE** to remove the call from the log.

Select **TIME** to view elapsed time for answered calls; select **DATE** to return to the time and date display.

Select **DIAL** to access an idle line and show the logged directory number in the display.

Add any required prefixes, such as ‘9’ or ‘91’, then press the key under the displayed number to dial.
