Configure Safe Senders in Outlook 2011 for Mac

1. Open Outlook.
2. Navigate to the Tools menu and select Junk E-Mail Protection.

3. The Junk E-mail Protection option will show three tabs: Level, Safe Domains, and Blocked Senders.
4. Select the Safe Domains option to whitelist a domain. Type ‘voicemail.arizona.edu’ in the Safe Domains text box.

5. Click OK.
